The Regus Group Opens Third Business Center in St. Louis Area
Fully furnished, equipped offices now available for businesses of any size

DALLAS – January 29, 2007 – The Regus Group (LSE: RGU), the world’s largest provider of fully furnished and equipped offices with 950 locations in 70 countries, announced today the opening of its third business center in St. Louis – known as the St. Louis Chesterfield Center.

Regus’ third location in the St. Louis area is located on the second floor of a Class A building at 100 Chesterfield Business Parkway in the heart of the Chesterfield Valley. The center occupies more than 24,000 square feet and provides companies with the flexibility and resources they need to succeed in today’s competitive marketplace.

In response to The Missouri Department of Transportation’s decision to close portions of highway 64/40 and heightened client demand in the St. Louis area, Regus is responding with its first center in Chesterfield. The center is on the far west side of St. Louis and is located just one block from the section of highway 64/40 that will not be closed.

The fully equipped, furnished and professionally staffed center features 172 workstations, 90 offices, and three conference rooms. All Regus clients have high-speed Internet access and digital telephone service managed by a highly trained IT support team. Regus also offers clients a wide range of onsite business services, including administrative support. Clients also have the option to use the center’s meeting rooms, videoconferencing studios and business lounge.

Commenting on the opening, Regus Regional Vice President Jennifer Gilbert said, “Rising customer demand means we can establish a strong presence in the St. Louis area. Regus helps companies align their changing business needs with their property needs, which is particularly important in one of the Midwest’s fastest growing business districts. In addition, our new center is a perfect location for commuters who are looking to avoid the traffic problems associated with the closing of some parts of the 64/40 highway.”

About The Regus Group

The Regus Group is the world’s leading provider of pioneering workplace solutions, with products and services ranging from fully equipped offices to professional meeting rooms, business lounges and the largest network of videoconferencing studios. The Regus Group delivers a new way to work, whether it’s from home, on the road or from an office.
